

## Evaluation of the OLUG Workshop 27-29 April 2011

What improvements in the OMEGA Facility would create the potential for new and exciting science in High-Energy-Density-Laboratory Physics?

---

---

---

---

---

From the standpoint of improving your ability to use Omega, what was the most (least) useful topic covered in this Workshop?

---

---

---

---

---

What changes or suggestions would you have for future Workshops?

---

---

---

---

---
