

**Purpose:** To provide a consistent means to verify compliance among Laboratory for Laser Energetics' (LLE) Staff, Guests, and Visitors with the University of Rochester's Covid-19 masking protocols.

**Policy:** (Effective 8-10-2021) All students, faculty, staff, and visitors—including those who are fully vaccinated—must wear a face mask while indoors on any of the University's campuses and properties. Fully vaccinated persons who are alone in a private space (i.e., office) may unmask. The University's Policy Statement may be found [here](#).

Vaccinated employees and vaccinated visitors who have been granted LLE badge access are asked to show proof of vaccination (NYS Excelsior Pass or Original Vaccine card) to Jean Steve ([jste@lle.rochester.edu](mailto:jste@lle.rochester.edu) or her designee) to obtain a COVID-19 vaccine verification sticker for their LLE ID badge.
